STEINERT WRESTLING- All Heart!

The 2006-07 dual meet season is off to a nice start with 2 fashionable wins over Princeton and Lawrence. We suffered a tough loss to Hightstown, but bounced back quickly with a win over Nottingham; which beat West earlier. I know we can keep the ball rolling against Ewing to put us at 4-1. I must say how impressed I am with this team thus far. At the beginning of this season I considered this a rebuilding year because of the superfluous amount of underclassman. However, this team has demonstrated themselves to be once again at the top of the CVC conference. Youth and talent, like I said last time this is the formula for champions. We have been giving our spectators some exciting matches to watch so far, and hope to continue producing the wins. I want to thank everyone for all their support, and we will keep working our butt's off to win the CVC and someday have a banner hung in the gym that says "Steinert Wrestling State Champions" I just got the chills typing that. And guys remember, the first period is won by the best technician, the second period is won by who's in better shape, and the third period is won by the wrestler with the biggest heart.

Coach Jankos

FYI Dustin Renelt will record his 90th scholastic win against Ewing on Sat.
