Home of the Spartans

Dear Spartan Wrestling Community,

It is with great pleasure and excitement to be kicking off the 09-10 wrestling season coaching the Spartan Wrestling Team. This is going to be my 7th season coaching the Spartans and I am truly excited. Many wrestlers and parents, and people in the community, share this excitement. Steinert will compete again to be among the best in the area. They have worked hard in the off-season with lots of lifting and competing in summer wrestling duals. Their preparation this season will enable each athlete to perform at their best.

This team continues to have a great deal of talent, leadership, and experience. This is a true combination for success. With this success, the Spartan wrestling team hopes to pin down a CVC, MCT, and District 25 title this season. A few key familiar faces you should keep an eye on this season are Dylan Borsos a District and County place winner, and Jason Miller and Nick Maciolek who both had outstanding seasons last year. Other guys looking to make some noise this year are Michael DiPersio, Joe Michel, Blake Firlan, Cody Smith, Kevin Benedetti, Jon Pully, Joe Wright, Alex Sage, Brandon Bernstein, Sean McDonald, Joe Wright, Chris Brennen, and Kazire John to name a few. Key newcomers are Tyler Beers, Matt Wereski, Joe Klemaszewski, Enock Asanti, and Joe Paragone.

Wrestling is an extremely demanding sport and takes the kind of commitment and dedication most people are not use to. I believe we have these committed and dedicated individuals. After graduating many varsity wrestlers last year, we have few returning starters and a few outstanding freshmen to compete for starting positions. This season's schedule has reflected my confidence in this team's talent. I am passionate and dedicated to the sport of wrestling and will create an environment for these young athletes to grow and reach their athletic potential.

Lastly, the Spartan coaching staff appreciates all the support the wrestling program has received from the booster club, fans, parents, community, and administration. With their backing, we are confident that we can take this team to the next level. "State Champs" Thank you once again for supporting the Steinert High School Wrestling Program.

"Your enthusiastic support is great motivation for our wrestlers"

Yours in Wrestling,

Coach Jankos
